

Book Launch Webinar – *International Investment Protection of Global Banking and Finance: Legal Principles and Arbitral Practice*, by Dechert’s Arif H. Ali and David Attanasio

Please join Dechert LLP and the New York International Arbitration Center (NYIAC) as we introduce *International Investment Protection of Global Banking and Finance: Legal Principles and Arbitral Practice*, recently published by Wolters Kluwer. In this book, Dechert lawyers Arif H. Ali (Co-chair of Dechert’s International Arbitrations Practice) and David L. Attanasio provide the first complete overview of how international investment law and other sources of protection against political risk apply to investors and investments in the banking and finance sector.

Along with the authors, esteemed international arbitration experts Samaa Haridi, partner at Hogan Lovells, and Ank Santens, partner at White & Case LLP, will discuss the implications of this resource for banks and other financial institutions. The program will offer practical insight into how international investment law is relevant to cross-border banking and finance activities (and what it has to offer in those areas).
