QUESTIONING OF EXPERT WITNESSES IN INTERNATIONAL ARBITRATION

ABOUT FIAA

FIAA – Foundation for International Arbitration Advocacy is dedicated to providing advocacy training specifically designed for international arbitration.

Advocacy in the context of international arbitration presents unique challenges. These challenges begin with drafting the request for arbitration and continue through to enforcement of the final award.

Through a series of different learning-by-doing programs and workshops, FIAA offers skills training for international arbitration practitioners in the questioning of expert witnesses, oral argument and written advocacy. FIAA also provides a forum for arbitrators, counsel and academics to analyze, develop and promote effective and ethical dispute resolution skills for international arbitration.

FIAA'S JUNE 2023 ADVOCACY WORKSHOP

FIAA's June 2023 Advocacy Workshop will focus on one key aspect of advocacy in international arbitration – the questioning of expert witnesses.

This learning-by-doing workshop will provide international arbitration practitioners with the fundamentals of examining and cross-examining expert witnesses based on a mock arbitration case.

Participants will engage in exercises and simulations, see demonstrations and hear presentations by experienced international arbitration practitioners and advocacy instructors. Throughout the workshop, participants will receive faculty feedback on live and recorded performances.

On the final day of the workshop, participants will act as counsel in mock hearings with opening statements, examinations-in-chief, cross-examinations, expert witness conferencing and closing arguments before arbitral tribunals comprised of experienced international arbitration practitioners.

FIAA's June 2023 Advocacy Workshop will open at 12:00 noon on Thursday 1 June 2023 and end with a Gala dinner on Saturday evening.

The price for the FIAA Advocacy Workshop and Gala Dinner (1 - 3 June 2023) is USD 550.

Before the workshop, registered participants will receive a detailed workshop programme, together with the mock arbitration case file and reference materials.

Applications for CLE accreditation for Florida and New York and by the Solicitors Regulation Authority of England and Wales are pending.

SPONSOR

FIAA thanks FTI Consulting for its support.

FTI Consulting's Global International Arbitration Practice provides expert damages and valuation opinions for use in commercial and investor-state arbitration proceedings. The demand for our services has enabled us to build the largest dedicated international arbitration expert witness practice globally; our damages valuation team of more than 200 worldwide has members in all major arbitration centres.

Our expertise encompasses finance, valuation, economics and industry topics, but also in the application of those disciplines to disputes. We often work closely with FTI experts in energy, mining, construction, financial services, and other industries to produce authoritative reports as efficiently as possible. We understand the importance of producing reports that are clear, compelling and easy to follow. Likewise, we recognise that the delivery of consistent quality work requires excellence throughout the supporting team, and our recruiting and training practices reflect that need. We frequently see the difference a good team can make to the success of the overall engagement.

One barometer of our standing is Who's Who Legal's annual Who's Who of Commercial Arbitration. For nine consecutive years, Who's Who Legal has recognised FTI Consulting as the leading expert witness firm in international arbitration. We have 50 experts on this list, covering Europe, North America, South America and the Asia Pacific region, and we have four times the number of experts than any other firm listed. We are actively involved in proceedings across many different jurisdictions and industries. Our experts are appointed in over 90 new substantive arbitrations each year, of which around 50 are for GAR top 30 law firms. Collectively our experts have given oral testimony more than 950 times. The scale of our practice means we can identify the right testifying expert for the case in hand – whether that entails industry experience, work on a similar type of dispute, geographic experience or proximity, or ability to work in a particular language.
